- Auto-CAD: 2007,2010,2015.
- Microsoft Office.
- MS Project.
- SAP 2000.

HOBBIES

-Doing sports (swimming, playing basketball and), listening to music, reading comic strips and travelling.

AIM

My first aim is to work in projects which will help me to practice my theoretical knowledge that I learned at my school (Middle East Technical University) using my investigative and interrogative personality.

Secondly, to improve myself I always benefit from my colleagues who are more sophisticated and more experienced than me since it is never too late to learn.

Finally, to make a wide business network where I can follow new further developments in the area, contributing to great projects and becoming respectable and reliable leader.
